PAMA ADVISORY BOARD

Nader Shureih serves as Vice President of Business Development at Environics Analytics in Toronto. For over 20 years, Nader has worked across the public and private sectors, with a focus on marketing, market research, public relations, and data/analytics. Nader comes to the Friends of PAMA board with the philosophy that art is like food: it's the best way to bridge divides, and connect people to their own histories, as well as the histories and perspectives of others. This belief is what has driven him to get involved and help the organization build its support base and network.
